Standard rail is for use with doors up to 7 feet. Ask your Genie® Professional Dealer about longer rails for doors up to 14 feet\*\*.

### STANDARD EQUIPMENT

#### DC Motor Technology

Quiet yet powerful 3/4 HPC\* Power Plus 140 Volt DC motor operates with minimal noise.

#### Speed

Powerhead can be adjusted for maximum opening speed of up to 10<sup>5</sup> inches per second.

#### Direct Drive

Delivers maximum lifting force and greater reliability.

#### GenieSense™ Monitoring and Diagnostic Technology

Delivers the power needed at every movement of the garage door and continuously monitors the operation of the door, stopping operation when significant changes occur. These features minimize noise, wear and tear on the door and improve overall safety.

#### Intellicode® 2 Access Security System

The system features our superior encryption technology that prevents piracy of the radio signal that opens your door by selecting a new code from billions of combinations.

#### Motion Detecting Lighting System

Integrated motion detector provides added convenience and security to the two 100 Watt bulb lighting system.

#### Auto Seek Dual Frequency

System will automatically seek either the 315 or the 390 MHz frequency produced by a remote, ensuring opener will respond regardless of nearby frequency interference.

#### Safe-T-Beam® System

When objects pass through the infrared beam, the door automatically stops closing, and then reverses. The system's self-diagnostic function alerts homeowners of misalignment or damage.

#### Automobile Convenience Features

Compatible with both HomeLink® and Car2U™ systems.

### CONVENIENCE OPTIONS

Enjoy your new Genie® garage door opener to the fullest with these optional accessories.

#### Wireless Keypad

Wireless keypad allows you to open the door without a remote. It features a lighted keypad and can control up to three garage door openers. Replacement flip up covers are available in four colors, ensuring you can find the best match to complement your home.

#### Three Button Remote

This remote features a sleek and compact design. It comes with a visor clip and can be used with a key ring.

#### Multi-function Wall Console

Wall console features large push buttons for easy operation. Sure-Lock™ button disables the remote's access to the garage for security. Light control button adds convenience.

### DEALER SERVICES

#### Installation and Regular Maintenance

Ensure that your garage door system operates at peak performance by asking your Genie® Professional dealer about installation, routine system maintenance and other professional services offered.

SOLD AND DISTRIBUTED BY:

\*3/4 Horsepower Comparable (HPC) Power Plus designates that this garage door opener exceeds Genie's lifting force specification for 3/4 horsepower garage door openers.

\*\*Homeowners should contact their local Genie® Professional Dealer to determine the right opener for their door.
